Global

Macclesfield Town Council will also strive to set a good example by following established ethical guidelines and will encourage partner and associated organisations to do so. It is committed to the prevention of any violation of established Human Rights of any kind.

In particular the Council will:-

- Promote a culture of ethical behaviour throughout the organisation
- Act to protect the integrity and enhance the reputation of the Council
- Only engage with suppliers, contractors or business partners who do not endanger our reputation
- Maintain policies and procedures which will deliver value for money and demonstrate socially and environmentally responsible behaviour
- Purchase Fair Trade goods where possible
- Question its major suppliers of goods and services about their ethical credentials
- Encourage all suppliers to the Council, to ensure that throughout their global supply chains, all organisations comply with the Ethical Trading Initiative Base Code
- Collaborate and compete with other business institutions in a fair, honest and appropriate manner
- Ensure that ethics as well as returns, govern our investments

N.B. Companies with a commitment to ethical trade adopt a code of labour practice that they expect all their suppliers to work towards. Such codes address issues like wages, hours of work, health and safety, employment to be freely chosen, no child labour, the right to join free trade unions and a ban on harsh or inhuman practices.
