

Macclesfield Town Council Ward Budget Application Form

Name of Ward	Macclesfield South
--------------	--------------------

Tell us about the project?

Cllr Wilson and Cllr Puttick visited Ash Grove School to meet the year 2 children who had written to the Wards Councillors as part of their local geography project. Following their visit to Ash Grove Park, the children wrote to express their view that the play equipment was designed for older children and they would love a treehouse.

How will residents benefit from this?

The children have asked for this project and the benefit would be for them to have a tree house to play in near their homes. They are able to go and play the park as it is so close to their homes.

How will residents help the project?

Knowing that the children had talked and thought about what they would like in their community and then had explained their ideas to the Ward Councillors will mean that they have a real interest in using it and ensuring that it will be looked after. We will share plans etc with the class.

What difference do you hope this project will make?

The difference will be safe, clean and upgraded park equipment suitable for younger children.

How much will it cost?

We would like to use £2000 of our budget towards this project. The Senior Town Ranger has designed and costed the project.

Overleaf are the costs so far

Name of Ward Councillor Cllr Wilson	Signature: Fiona Wilson	Date: 24/02/22
Name of Ward Councillor Cllr Puttick	Signature: Neil Puttick	Date: 24/02/22
