

Report Statement

Report Purpose:

Macclesfield Character Assessment update v 19

Author:

Admin and Governance Manager

Background

The community consultation, run in December, was printed in Local People and available from the Council's social media and website. Schools and members of key organisations were contacted for their views and printed copies provided to Councillors for their Ward displays.

The questions for the community consultation were:

1. What do you think is special about Macclesfield?
2. What in your local area is distinctive (e.g. interesting local history, buildings/features)?
3. How would you like to see Macclesfield look in 20 years' time?

Update

The 100+ community responses have been collated anonymously and shared with the planning consultant.

The deadline for responses from secondary schools was extended to 14/01/22 to allow time for replies. A number of responses have been received and will be collated w/c 17/01/22.

The Character Assessment is in draft form and undergoing an internal review by all MTC Councillors with a closing date for comments of 14/01/22.
