An update on the group was sent out to all on the mailing list in December 2021.

The next meeting is on 1st Feb, so will take place after this agenda has gone out. The group will be updating the actions achieved so far on the plan to be circulated and go on the MTC website.

The group has also worked with CEC and received several gazebos, deckchairs and bistro tables and chairs which the Town Council will look after but will be available on loan to groups who would like to hold community events.

Planters for Castle Street are also being procured ready in time for Britain in Bloom.
