 - a.) To replace the broken roundabout in West Park and replace the gate between Sainsburys and the park so that it is fully accessible.

Approx £20,000.
 - b.) To contribute towards the trim trail, the marking out of the park run route and orienteering equipment at South Park.

Approx £20,000
- 3.) Further projects can be brought by Town Councillors to the Town Clerk to find out costings and viability and then go to Full Council for decision.
