Have you made any progress on your project so far? If so, tell us about this below:

Yes we have made some progress. We have continued to open weekly with the youth club regularly getting attendance of 20+ young people every week. We have started buying resources with the funding that you have provided. The young people are very grateful for it.

What have you learned from so far from this project?

That there is a real need for youth work in the area. The young people really enjoy coming and tell us it is the best part of their week! However, it is interesting that most of the young people are boys, and so it would seem boys are more engaged in this work at present.

When do you expect the project to be complete?

The Project hopes to be an ongoing continuous project for as long as there is volunteers, funding and a need for it.
