

Older Peoples' Day 1st October 2022

Report

This event was organised in the aim to relaunch the Scheme as we have a new manager in post Julie Dowie who joined us in August this year. We had closed our Lunch Clubs in the period between the previous Manager retiring and Julie joining us so we felt this was a good opportunity for the members to come together and open our doors to potential new members.

We had a wonderful day filled with refreshments which consisted of cakes, crisps and plenty of tea and coffee. We had an entertainer sing swing music to them all which was familiar for their age group and many sang along. These costs plus the room hire was covered by the support of the Town Council.

In attendance we had 30 members plus 3 family members who came along for support and it was a very social day for all.

The event also provided a good opportunity to talk to the members and family members regarding what they would like the Scheme to do and the majority said they enjoyed events like this and just getting out of their house.

I did have one ask about holidays which is something we would love to offer in the future!

We had 2 staff members present the manager Julie and the Community Coordinator Jo plus 2 volunteers who were amazing.
