

Appendix 1 : Macclesfield Town Council Ward Budget Application Form

Name of Ward:

Central Ward

Tell us about the project?

The funding is to go towards the gritting of the town centre as the cost is no longer covered by CEC.

How will residents' benefit from this?

The safety of the residents is of the utmost importance.

How will residents help the project?

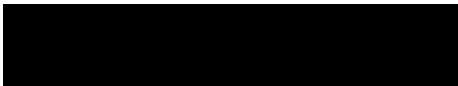

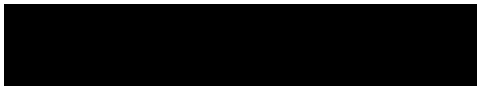

Residents will be able to come into the town centre and know it has been gritted.

What difference do you hope this project will make?

Ensure the safety of visitors and residents,

How much will it cost?

Up to £2000

M36acclesfield Town Council Ward Budget Application Form

Name of Ward	Macclesfield South
--------------	--------------------

Tell us about the project?

Cllr Wilson and Cllr Puttick visited Ash Grove School to meet the year 2 children who had written to the Ward Councillors as part of their local geography project. Following their visit to Ash Grove Park, the children wrote to express their view that the play equipment was designed for older children and they would love a treehouse.

How will residents benefit from this?

The children have asked for this project and the benefit would be for them to have a tree house to play in near their homes in Ash Grove Park. They are able to go and play the park as it is so close to their homes.

How will residents help the project?

Knowing that the children had talked and thought about what they would like in their community and then had explained their ideas to the Ward Councillors will mean that they have a real interest in using it and ensuring that it will be looked after. We will share plans etc with the class.

What difference do you hope this project will make?

The difference will be safe, clean and upgraded park equipment in Ash Grove Park suitable for younger children.

How much will it cost?

Last year's ward budget went towards this project but with price increases in play equipment, this year's ward budget is needed to complete the project.

Appendix 1 : Macclesfield Town Council Ward Budget Application Form

Name of Ward:
West and Ivy

Tell us about the project?

It is to place football goal posts, with net attachments, onto the Weston Park. Plus, two football nets that can be stored at the Town Hall available for supervised use.

How will residents' benefit from this?

It will provide a space to play football and there is a possibility that it may be a fund raiser in the future, if CEC would consider pitch hire.

How will residents help the project?

Residents have been asking for facilities for younger people in the area. We will continue to liaise with residents to ensure that the project is a success.

What difference do you hope this project will make?

It will show that MTC is delivering on the promise to provide for the youth of the Weston.

How much will it cost?

The ward budget of £2000 should cover it. We expect the price to be much lower than this.
