Organisation:	Bollin District Girlguiding
Location of organisation:	Macclesfield and Bollington
Project name:	District trip to Adventures in Lisbon
Short project description:	Participation in "Adventures in Lisbon", a North West Region organized event. The district trip is for Guides and Rangers. We will be inter-railing to Lisbon via London, Paris, Barcelona and Madrid, with time to sightsee in Paris and Madrid en-route. In Lisbon we will have a day for our own activities before participating in the Region organized event.
If you receive a grant, briefly tell us what difference it will make to your organisation/area:	<p>The aim is to give girls the opportunity to travel abroad with Girlguiding. This is the first international trip since the pandemic and the first opportunity many have had to participate in a residential experience with Girlguiding. Girlguiding actively encourages members to plan and decide on what they want to do. As such the girls will be planning our sightseeing in Paris, Madrid and Lisbon. They will also be actively involved in setting the groups charter for the trip and how they will spend their time while travelling.</p> <p>By taking part in the trip we are giving the girls new experiences, broadening their horizons, helping them cope with change and building independence. As the girls come from different Guiding groups and schools in Macclesfield they will have the chance to create new friendships. This will be further enhanced as they meet girls from Guiding units across the North West.</p> <p>All of this will help them be more resilient, empowering them to find their voice, inspiring them to discover the best in themselves and to make a positive difference in their community.</p> <p>We have deliberately decided to inter-rail as a more sustainable way to travel than flying. Many young people do not have experience of public transport or long distance train travel. By travelling this way we aim to see more of the counties we will be traveling through (rather than over) and introduce the girls to a greener way to travel.</p>

Please tell us how many people you expect to benefit if you were successful with your community grant application:	There are 15 participants, however the trip will benefit many more. By participating in this trip the girls will have the opportunity to grow in confidence and resilience. This will impact others in the District as they plan to share their experiences with the 165 young members in the district after the trip and inspire them. As the leader of the trip I will be using it to complete my international going away permit - which will enable me to take members of Girlguiding from Macclesfield abroad in the future.
Please tell us which geographical area will benefit most from your project or activity:	Macclesfield will benefit most as 12 of the participants live in Macclesfield including myself.
