

## FORM 1: APPLICATION FORM

Name of Project	Reopening of Canal Bridge 36- Smyths
Name & address of Applicant	Nicola Mellor Macclesfield Town Council Macclesfield Town Hall SK101EA
Company details if applicable	Macclesfield Town Council
Project Contact Name Contact Number	Nicola Mellor 01625 374142 / 07562 608702
Location of the Works	Macclesfield Canal Bridge 36
Location Plan	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>
Grid Reference	SJ 92695 73726
Description of the Works	Reopen canal bridge 36 of the Macclesfield Canal and excavate a new access ramp from the canal tow path.
Approximate value of the works	Unknown at this point
Planned start date on site	Unknown
Planned duration	Unknown
Details of any existing agreements	N/A
Details of any statutory powers of the Third Party	
Other approvals sought	
Estimated value of the works to the waterways	Unknown

Please complete the table below so that we can assess the effects of your proposal				
Ref	Question	Yes	No	Don't know
1	<b>Has a copy of the method statement, risk assessment and EIA (where appropriate) been provided with this application?</b>			
	<b>Bridge Works</b>			
2	Do the works involve a new bridge?		N	
3	Are difficulties with clearances envisaged?	Y		
4	Will the towpath access be affected?	Y		
5	Will the design consider the heritage and setting of the waterways?	Y		
6	Is grit blasting / water jetting proposed as part of the works?			Don't know
	<b>Utilities</b>			
7	Do the works involve a service crossing?		N	
8	Are overhead cables proposed?		N	
9	Are trenchless techniques envisaged?			Don't know
10	Is a permanent surface water discharge proposed?		N	
11	Are services to be laid beneath the tow path?		N	
12	Are services in the towing path affected?			Don't know
	<b>Discharges and Abstractions</b>			
13	Is a permanent or temporary surface water discharge proposed?		N	
14	Is a permanent or temporary abstraction proposed?		N	
15	Is any other permanent or temporary discharge proposed?		N	
16	Has a hydrological and pollution risk assessment been submitted?		N	
	<b>Site Investigations</b>			
17	Has a formal site investigation been carried out recently?	Y		
18	Is the land contaminated?			Don't know
19	Are there any invasive species on site?			Don't know
	<b>Towpath Works</b>			
20	Will it be necessary to close the tow path?	Y		
21	Has consideration been given to disabled access?	Y		
22	Are excavations proposed near to the waterway?	Y		
23	Do the works affect public rights of way?	Y		
24	Will there be a change in the surface finish of the tow path	Y		
25	Has design mitigated against any impact on bank habitat?			Don't know
	<b>Demolition works</b>			
26	Will there be any demolition near the waterway?	Y		
27	Will there be any demolition <b>over</b> the water space?			N
	<b>Dredging Works</b>			
28	Will any dredging be needed?			Don't know

29	Has analysis been undertaken on the sediment to be removed?		N	
30	Is material to be dredged contaminated?			Don't know
31	Will any vegetation be required to be removed?	Y		
32	Will the watertight lining of the canal be affected?		N	
33	Is puddle clay to be used?			Don't know
<b>Earthworks and Piling Works</b>				
34	Is there to be any sheet steel piling in the canal?		N	
35	Is any driven piling for foundations proposed?			Don't know
36	Is vibro-compaction or dynamic compaction proposed?			Don't know
37	Is there to be grouting near to the canal?			Don't know
<b>Use of the Waterway</b>				
38	Is floating plant to be used?		N	
39	Are construction materials to be transported by water?		N	
40	Will any scaffolding or hoarding be erected within 8m of the canal, within the channel or on a flood plain?		N	
41	Is there any planned oversailing of the canal or towpath?		N	
<b>Stoppages &amp; restrictions</b>				
42	Will a closure of the canal be requested?		N	
43	Will a restriction of the canal be requested?			Don't know
44	Will the canal or feeders require dewatering / diverting?		N	
45	Is the channel a main river or ordinary watercourse?			Don't know
46	Are waterway structures including banks affected?		N	
47	Will the works involve the creation of a hard bank?			Don't know
48	Will any temporary works affect navigation?		N	
<b>Heritage</b>				
49	Do the works affect a Scheduled Ancient Monument?			
50	Do the Works affect a listed building?	Y		
51	Do the works affect Conservation Areas?			Don't know
52	Do the works affect any registered battlefield?		N	
53	Do the works affect <u>any</u> waterway structure?	Y		
54	Do the works affect a world heritage site?		N	
<b>Environment</b>				
55	Do the works affect a SSSI, SAC or SPA?			Don't know
56	Confirm you have read the environment and heritage sections of part 2 of this code	Y		
57	Has an Environmental Appraisal been produced?		N
