Have you made any progress on your project so far? If so, tell us about this below:

Yes: the two beds nearest the church have been further planted since the last update. The bulbs are now coming through and the rowans are in. Work has also now started on the herb garden, with new plants in place. The bulbs planted before Christmas are starting to come through so that we are hoping the signs of our efforts so far will be more visible in a few weeks.

What have you learned from so far from this project?

We have spent a lot of time researching the best plants for the buildings settings and age, and also working around the lack of water supply. Our knowledge increases at each planting stage. Currently we have developed our understanding of knot gardens, in order to benefit the raised beds.

When do you expect the project to be complete?

We expect the first two beds and herb garden to be completed this year, but due to planting cycles, it may be next year before the remaining two beds are fully planted to match our plans
