Have you made any progress on your project so far? If so, tell us about this below:

Yes, we have tested all the hearing loop kit and used it in some smaller gatherings and events. We have recently moved to larger room and will be installing the full loop system to its permanent home in the coming month.

What have you learned from so far from this project?

That there are lots of hard of hearing veterans that will greatly benefit from the system during meetings and events

When do you expect the project to be complete?

We should have the whole system in and tested by June 24, this has been delayed due to me having a baby and the group moving into a bigger location due to numbers.
