### **8.1 Public Realm**

The indoor market will have undergone an artistic transformation by the time of the meeting, all being well, with a mural on the exterior (Churchill Way) and new artwork inside. This will significantly improve the view and supports the strong desire for more prominent public art in the town centre, as identified through the consultations carried out last year.

The Town Council also remains committed to delivering a mural on Castle Street and contacted O2 in January to confirm their continued interest in hosting a mural on the side of their building. O2 has confirmed they remain interested and expects their long-term lease to be resolved within the next few weeks.

The Macc on Foot project has not yet been formally handed over to the Town Council and therefore remains the responsibility of CEC.

### **8.2 Town Ranger**

The rangers have been busy keeping on top of the winter jobs despite the inclement weather. They have also been taking the opportunity to refresh street signs.

They have also been busy with ongoing work and responding to any enquiries. We have seen a slight increase in job requests from members of the public.

The rangers have also assisted with the office move, moving equipment for events and been an invaluable support with the tree surveys on the allotment sites.
