The Constabulary has been ranked TOP in the country for crime outcome rates in latest figures released to Forces.

Data for the financial year 2025/2026 shows the Force had the highest charge/summons outcome rate in the UK for overall crime, demonstrating our commitment to bringing offenders to justice and protecting vulnerable people.

Cheshire is also the best performing Force for violence offences, stalking and harassment, sexual offences and burglary and has some of the highest charge rates in the country for vehicle crime and shoplifting.

This follows last year's [HMICFRS inspection](#), where we were the only Force to be graded as 'outstanding' in managing offenders and suspects, and one of only two forces to be graded as 'outstanding' for protecting vulnerable people.

Our 2025/26 outcome rates

- **Top** in the country for all crime
- **Top** in the country for burglary
- **Top** in the country for sexual offences
- **Top** in the country for violence offences
- **Top** in the country for stalking
