Have you made any progress on your project so far? If so, tell us about this below:

We have 9 people who have started the program, they have all engaged well with the program and we have had some good partners come in and deliver these sessions. We have been able to book partners such as JJ effect, Street Doctors and Evolve. We have also been able to provide them food in the morning and lunch for those who would have otherwise gone without. We have been able to deliver sessions with significant impact on the young people.

What have you learned from so far from this project?

We have made some agreements with our timetable and moved some partners further into the program and moved to forward as we have been able to see the engagement with them and how it can make the program flow better. We have also taken some changes into our recruitment strategy to ensure that we are getting more vulnerable member of the community.

When do you expect the project to be complete?

We are due to finish the first team on Tuesday 19th May but we are starting another team on June 15th until July 14th. From July 14th both teams will have been completed.
